

### **Publications of Prof. V. Murali Mohan**

1. Research Paper on “Micro/ Nano Mechanical Cantilever as Chemical and Biological Sensors”, published in the International Conference of World Physics, Rajasthan University, Rajasthan, INDIA, 2005
2. Research Paper on “Micro Fabrication Techniques to create Micro and Nano Mechanical Components For Science, Technology and Research Organizations”, published in the International Conference of World Physics, Rajasthan University, Rajasthan, INDIA, 2005
3. Research Paper on “Micromechanical Cantilever: A Biosensor in Bio-MEMS”, published in the National Conference on Advances in Mechanical Engineering, JNN College of Engineering Shimoga, Karnataka, INDIA, 2004
4. Research Paper on “Micromechanical Cantilever Sensors: For Science and Engineering Applications”, published in the International Conference on Emerging Technologies (ICET), KNIT, Bhubaneswar, INDIA, 2004
