

## Fluid Flow Operations Lab

### LIST OF EXPERIMENTS

1	Reynolds Experiments
2	Flow through Pipes
3	Flow through annulus
4	Flow through Fixed bed
5	Viscosity by Stokes Law
6	Flow through Venturimeter / Orificemeter
7	Fluidization
8	Flow through Weirs
9	Flow through pipe fittings
10	Flow through Coils
11	Power consumption in agitated vessal
12	Efflux time of tank in Viscous flow
13	Characteristics of Centrifugal Pumps
